

ENDURACOR™ DIGITAL PRINT-LT TREADS & RISERS

Artistic Finishes is proud to present our new tread & riser offering exclusively for our Enduracor™ Digital Print-LT products. The treads are offered in both a traditional round nose and a contemporary squared nose. 18" returns can be purchased separately and cut to size to complete a beautiful install on an open staircase.

Our Enduracor™ Treads & Risers use the same great waterproof core as our other Enduracor™ products for easy installation and modification. And with a combination of precise digital imaging and expert hand staining, it is one of the most technologically advanced accessories on the market.

Our Enduracor™ Digital Print-LT Treads & Risers at a glance:

- 5/16" thick with treads 12" deep & risers 7.5" tall
- 18" Returns sold separately for open stairs (job site cut & install required)
- Highly water and scuff resistant
- Offered in 48" lengths – other lengths available on a custom basis
- Cuts like wood, performs like rigid vinyl
- Easy glue down installation
- Recommended MS-245 adhesive is available

Refer to our Enduracor™ Tread and Riser Installation Guide for all your recommended installation practices.
