

ENDURACOR™ DIGITAL PRINT TREADS & RISERS

Artistic Finishes is proud to present our new tread & riser offering exclusive for our Enduracor™ Digital Print mastered products. The two-part tread assembly allows you to complete the installation of a staircase in no time.

Our Enduracor™ Tread & Riser use the same great waterproof core material as our other Enduracor™ products and is a versatile solution for your flooring projects. This tread & riser product line highlights our digital print technology on our exclusive 4-layer design, making it one of the most technologically advanced accessories on the market.

Our Enduracor™ Digital Print Treads & Risers feature:

- Commercial grade acrylic finish
- Highly water and scuff resistant
- Lighter than typical wood which can save on shipping costs
- Only 3/8" thick with treads at 11.5" depth and risers at 7.5" in height
- Only offered in our 2mm Squared Nose
- Versatile lengths 36", 42", 48", 60"
 - Other lengths available as custom
- Cuts like wood, but performs like a rigid vinyl
- Easy glue down installation
 - Recommended MS-245 adhesive is available

Refer to our Enduracor™ Tread and Riser Installation Guide for all your recommended installation practices.
